## Welcome to Markt Freihung

Dear citizens, dear new citizens,

this is the second edition of our information brochure. We want to provide you, either as a new citizen or long-time resident, an overview of our local administration and infrastructure as well as clubs, associations and the history of our villages.

Inform yourself about our public facilities in the range of culture, tourism and leisure time or contact the town hall staff to get your questions answered. I am also personally available for your questions and your ideas.

This newest edition of our information brochure will demonstrate closeness to our citizens and provide customer service, also to our American citizens, as it will increase in importance for the future. Quick access to up-to-date information and leisure-time activities in our Market community are very important for our region and beyond.

I would like to thank all companies sponsoring this brochure with their adds.

A handwritten signature in blue ink, appearing to read 'Norbert Bücherl'.

Norbert Bücherl  
1st Mayor

## History

The Markt Freihung in the County of Amberg-Sulzbach, is located 1,421 ft. above sea level in the northern part of the Upper-Palatinate, administrative region 6. Freihung is located geographically about 15 miles north of Amberg and 12 miles west of Weiden i.d.Opf. and borders the Grafenwoehr Training Area.

Through the voluntary integration of the former independent communities of Seugast, Großschönbrunn and Thansüß into Markt Freihung on January 1, 1972. Markt Freihung now covers an area of 4,635 hectares. The community had a population of 2,542 on January 1, 2010.

The commercial structure of the Market community includes three industrial companies with approx. 100 employees, craft businesses, shops and banks. Main industry branches are the manufacturing of fine plaster and mining of quartz sand- and pegmatite.

While agriculture and forestry have always played a minor role in Freihung, the range of craftsmen and commercial businesses include everything that a Market community of this size needs.

The industrial companies and the designated commercial zone Freihung-North, with an area of 40,000 square meters, are located directly at the interstate B 299. They are clearly separated from the residential and recreation areas in the scenic landscape of the upper reaches of the Vils river. The spring of this little river is located in the hamlet of Kleinschönbrunn (4 miles south of Freihung) and was newly set during the redesign of the village center and the new water playground in 2008/09.

Health care is provided by a general practitioner and a dentist. Medication is delivered by a pharmacy located in a town close by.

A pharmacy mail box at the town hall in Freihung serves as a prescription collecting point.

In 1575, the first school was established in Freihung. In 2006, it was named after the long-term principal Mr. Josef Voit. Since 2008/2009 the secondary school is located in Vilseck (2010/2011 High School Obere Vils Ehenbach).

More than 50 clubs, ranging from singing clubs to soccer clubs define culture sports and community life in Freihung.

## History

Four voluntary fire departments are always ready to protect life and property of the citizens of Freihung. The Trinity Church is located at the highest spot of Freihung and was built as a simultaneous church in 1764.

Additionally there are four Catholic and two Protestant churches in the individual parts (villages) of the community. Political representatives of the community are the mayor and 14 members of the community council. They are supported by a modern and customer-oriented administrative office. Freihung is located at the main railroad line Weiden – Nürnberg, which was opened in 1875. The train station at Freihung is one of the main stops of the “Pendolino” train between Weiden and Nuremberg. Because of the inexpensive railroad fees, this line is used by many commuters from surrounding communities. There is a very popular park & ride at the train station. Bus services to the independent city of Amberg are available several times a day through the local public transportation company.

Since 1994 Markt Freihung has been a member of the joint venture called AOVE, which stands for “Obere Vils – Ehenbach”.

Nature lovers will have lots of fun experiencing numerous hiking trails and bicycle paths in a countryside of ponds, woods and gentle hills.

In 1999, a 55 mile Vilstal long-distance hiking trail was founded that starts at the Vils spring in Kleinschönbrunn and goes along the Vils until it leads into the Naab at Kallmünz.

An additional hiking trail (tower trail) that starts at Thansüß was opened by the community of Freihung with the support of AOVE in 2003. Several inns and two club houses with restaurants in Seugast and Freihung are nice places to visit during leisure times. Original Bavarian flair may be experienced during many local fests and the traditional Kirchweih (parish fair).

### History of Freihung

The oldest record found in the archives that mentions Freihung dates back to the year 1427. This record clearly indicates that mining work already existed at

# Markt Freihung

that time. The town was granted market rights and given a seal and crest by the elector Friedrich von der Pfalz on November 20, 1569. It developed from a settlement of lead ore miners and its beginnings presumably reach back to the 12th century.

“Freihung” got its name from the “Freiheiten” (liberties) the miners were granted by the feudal lords in order to boost lead mining. Today there are still visible ruins of the lead ore mine, which was operated until April 1945. The crest of Markt Freihung with its crossed mine hammers reminds of the great mining period.

Despite the aftermath of two world wars, economic growth and the fast pace of our times, Freihung, has kept its typical countryside along the little river Vils that has its spring in the village of Kleinschönbrunn.

Its structure and history is powerful and fascinating and therefore characteristic for the Upper-Palatinate. This is where you still got time to live.

## Timetable

### **600 AC**

First settlements of the Freihung area.

### **7th or 8th century**

Presumable foundation of Freihung.

### **12th century**

Beginning of a lead ore mining settlement.

### **1427**

Freihung was first mentioned in official documents. The record clearly indicates that mining activities were already going on at that time.

### **November 20, 1569**

Freihung is granted market rights and provided with a seal and crest by the elector Friedrich von der Pfalz. This is why the community calls itself “Markt Freihung”. Freihung got its name from the word German word Freiheit (liberty) the miners were granted by the feudal lords in order to boost lead ore mining. Today, the crest of the Markt Freihung still reminds of the booming mining period.

### **1557-1565**

Foundation of the first parish.

## Großschönbrunn

The former Hofmark Schönprunn was first mentioned in documents of 1378 and was recorded to be the property of the city of Amberg in the 15th century. Großschönbrunn is located at 1,591 feet above sea level at the crossing point between the Federal Highway 299 and the State Road 2123.

### Sights:

The parish church St. Johannes Papt Romanesque complex (12th century) with a gothic Eastern tower, renovations and additions 18th-19th century. Nice Rococo-altars and pulpit. Two crests of Amberg made out of sandstone remind of the time when the city owned the local area.

## Kleinschönbrunn

The spring capture of the Vils is located in the hamlet of Kleinschönbrunn, which was originally part of the former community of Großschönbrunn. After a one year construction period, the redesign of the Vils spring at Kleinschönbrunn completed the village renewal in August 2009. Re-modeled streets, squares, re-naturalized banks and the reshaped spring of the river Vils with water playground in a creative design considerably improved the village life and are now an attraction for the young and old. The transformation of the village center of Kleinschönbrunn was the second winner of the 2010 Bavarian State Award for Country and Village Development.

## Seugast

### *Kirchgasse Seugast*

*Photograph by  
Markt Freihung*

Seugast is the oldest settlement of the Market community of Freihung and was first mentioned in documents of 1139. The incorporation into

Markt Freihung took place in 1972. Seugast had its own school from 1872-1986. The church was built in 1903-1904 and is the property of Markt Freihung. As part of the village renewal, the Kirchgasse was redesigned and improves the appearance of the Catholic church "St. Marien" Federal Highway 299 Grafenwöhr – Amberg leads right through town.

Seugast lays 1, 370.77 feet above sea level. The former political community Seugast included the smelting works of the lead mine „Hämmerleinsmuehle, sand quarry, a brick work and a peat cutting place. The company Quick-mix Porphy GmbH (fine plaster manufacturing) located in the hamlet of Rothaar was part of the "old" community of Seugast.

## Thansüß

The population of Thansüß says that the name of the village is derived from the formerly existing "Tannenwald" (pine forest) in which wild bees were supposed to live. The town might have been named "Thannensitz" or "Thannsitz" at old times. The church in the center of the town served both confessions and was built by two town farmers in 1720.

Due to the village renewal project in 2008, the center as well as the village pond were redesigned and they now form a beautiful town center. Likewise a new soccer field for the young generation was built in 2008. Celebrate in style at numerous festivities (e.g. parish fair and Mayfest with a Maypole) in Thansüß. The Protestant trombone choir with its numerous musicians is very popular with young and old.

Seit Anfang 2010 gibt es in der Markt-gemeinde eine Kulturscheune, die von den Eheleuten Preuß privat betrieben wird.

Einmal im Monat, immer am zweiten Wochenende, öffnen sich die Scheunentore für drei Tage.

Immer am Samstag ist der gastronomische Betrieb mit einer musikalischen

oder literarischen Veranstaltung verbunden. Von Klassik bis Jazz, von Solisten bis kleineren Orchestern, von bekannten Schriftstellern bis Mundartdichtern ist alles in dem abwechslungsreichen Programm vertreten.

Überwiegend regionale Interpreten beweisen, dass es auch in der Oberpfalz reichlich Talente zu finden gibt.

## Joachim Friedrich Zahnarzt

Montag 8-12 und 15-19 Uhr  
Dienstag, Donnerstag 8-12 und 14-18 Uhr  
Mittwoch, Freitag 8-13 Uhr

Unsere Praxis im Zentrum Hirschau (gegenüber dem Rathaus) besteht heuer seit 35 Jahren. Bis heute behandeln wir nach dem Motto des Praxislogos **vorbeugend-schonend-umfassend**. Dies gilt für **alle Altersstufen**. Besonders bewährt hat sich deshalb die Betreuung schon während der Schwangerschaft, die Vorsorge ab dem Babyalter (6 Monate), weiter zur Kinder- und Jugendbehandlung, bis hin zum Erwachsenen. Hilfreich ist hierbei die **Lasertherapie**. Meist ohne Spritze, schmerzarm besonders für **ängstliche Patienten** – klein und groß. Weitere Tätigkeits-Schwerpunkte sind Parodontologie – Zahnfleischbehandlungen, Endodontie – Wurzelkanalbehandlungen, Prophylaxe – PZR – professionelle Zahnreinigung durch speziell geschulte Teams, strahlenarmes digitales Röntgen.

**Unsere Erfahrung = Sicherheit für Sie und Ihre Kinder**
